

Because CWCM...

1. Serves vulnerable populations,
  2. Stayed open for business through the pandemic when many other institutions closed (temporarily or permanently),
  3. Has no COVID-19 transmissions,
  4. Continues to practice robust cleaning protocol,
  5. And desires to continue offering safe services,
- ...we've updated our pandemic response policy to reflect the most current CDC and Portage County Division of Health guidance.

All visitors over age 5, regardless of vaccination status, will be asked to wear a mask in the museum.

This is a TEMPORARY policy, and will be updated again when new data is available.

We do accommodate for medical exemptions, please contact Cory at 715-496-3438 to discuss options.

We sincerely apologize for any inconvenience, and look forward to further loosening these policies.

Thank you for your continued support!
